Goodwill
GROUP OF CONCERNS
www.goodwillgroup.co.in

We, '*Goodwill* Group' strongly believe that 'Safety of drinking water is a basic human right'. Billions of people in the world are at risk of unsafe water. Being a responsible manufacturer of related products, we introduced '*Goodwill*' Water Storage Tanks in 2013 to comply with our Mission - to reach water, the special gift of nature and vital element for existence of life, in its purest form to millions of people. Exceptional standards and systems for manufacturing built by the Company over the decades coupled with its uncompromising ethical values and social commitments helped the brand '*Goodwill*' to grow and establish itself in a leading position in water storage systems and to diversify into manufacturing of superior products being used in septic and drainage applications.

- Made out of 100% virgin material, '*Goodwill* Water Storage Tanks' possess superior strength that attributes to its high Environmental Stress Crack Resistance and high load bearing capacity.
- State of the art technology in processing and manufacturing guarantees high resistance to UV effect,varying weather and to all other adverse conditions which ensures quality of the water stored.
- FDA approved, food grade, 100% virgin material and high resistance to corrosion assures safety of stored drinking water
- Easy maintenance and eco friendly
- Aesthetic design and best finish that adds style to all the houses.
- Available in various capacities at affordable prices.
